Modernization made easy!

New Blanket Purchase Agreement (BPA)
#36C10G-20-D-0050 now available for
RaySafe 452 Survey Meter

The Veterans Health Administration (VHA) non-expendable equipment national program identified RaySafe radiation counters, which are manufactured by Fluke Biomedical dba: Fluke Corp., as a candidate for VHA-wide (otherwise referred to as “national”) single award requirements contract.

On, August 26, 2020, the Strategic Acquisition Center (SAC) awarded a requirements contract for radiation counters as part of the Veterans Health Administration (VHA) procurement and logistics office program for life cycle management.

Contract #: 36C10G20D0050
