	ESA710/ESA712/ESA715 Software Update Firmware Update Download #
	Software update 3.7 includes important updates to ESA710, ESA712, and ESA715, including translations, support for printing, file exports, OEM remote command, and general system usability improvements.
	Note: The file size is 886MB and may take a few minutes to download.

- 3. Prepare the file:
  - a. Copy the file named ".biox" to a USB stick with minimum of 1 GB storage.
  - b. Do not rename or modify the file in any way.
  - c. The .biox file must be the only file on the USB stick in order to execute the update.

4. Plug the USB stick into one of the two USB-A ports located on the side of the ESA710.

- 5. On the ESA710 home screen, navigate to:
  - a. Tap the menu icon  $(\equiv)$  located in the top left corner of the screen.

- b. Tap "Settings" -> "About" -> "SYSTEM UPDATE"
- c. Follow the on-screen instructions to begin the update.
