## Calibration Turn-Time Guarantee Promotion

We know how difficult it can be when your go-to device isn't available. It can cost you money and time. We get it.

That's why we are pledging a 5 day calibration turn-time. If we don't meet that timeline in 5 days you get 25% off. If we can't do it in 9 days it is free.

Here is a quick overview of the details. Visit the [website](#) to download the complete terms and conditions.

- US and Canada only
- Turnaround time (TAT) details:
  - Start: when unit arrives in Glenwood with complete PO and RMA
  - End: Date of shipping of the product back to the customer, as evidenced by the return postmark date.
  - No government agencies eligible
  - Promotion dates: July 15 – October 15, 2020
