This supplement contains information necessary to ensure the accuracy of the above manual. This manual is distributed as an electronic manual on the following CD-ROM:

CD Title:       IDA-5
CD Rev. & Date: 4/2013
CD PN:          3976006
Change #1, 214, 750

On page 33, in the **General Specifications** section, replace the **Weight**, **Electromagnetic Environment**, **Emissions Classification** and **FCC** with:

with:

**Weight**
- IDA-5/4 3.17 kg (7.0 lb)
- IDA-5/2 2.81 kg (6.2 lb)
- IDA-5/1 2.58 kg (5.7 lb)

**Electromagnetic Compatibility (EMC)**

International ............................................... IEC 61326-1: Basic Electromagnetic Environment; IEC 61326-2-1

CISPR 11: Group 1, Class A

*Group 1*: Equipment has intentionally generated and/or uses conductively-coupled radio frequency energy that is necessary for the internal function of the equipment itself.

*Class A*: Equipment is suitable for use in all establishments other than domestic and those directly connected to a low-voltage power supply network that supplies buildings used for domestic purposes. There may be potential difficulties in ensuring electromagnetic compatibility in other environments due to conducted and radiated disturbances.

Caution: This equipment is not intended for use in residential environments and may not provide adequate protection to radio reception in such environments.

Emissions that exceed the levels required by CISPR 11 can occur when the equipment is connected to a test object.

USA (FCC)............................................... 47 CFR 15 subpart B. This product is considered an exempt device per clause 15.103.

Change #2, 698

On page 9, replace the **Printer** section with:

Use a printer that supports PCL-5 or PCL-5e printer-command language to print test results and reports from the **Product**.
